

Program CaRe Days 2016

Thursday 21, April 2016

Location: NH Koningshof Veldhoven
Invited: CaRe PhDs / Junior researchers
Language: English

9.30-10.00 Welcome

10.00-10.15 Opening by Prof. Onno van Schayck, Scientific Director CaRe
New promising developments of CaRe: what can we do for our PhD students?

10.15-11.00 *How to get along with your (co)supervisor, how to schedule your thesis?*
Dr. Marla Woolderink, PhD Maastricht University

11.00-12.00 *Workshop How to present yourself? Training elevator pitch.*
Dr. Louise Mennen

12.00 -13.00 Lunch

13.00-15.00 Laptop presentations in small groups per research field of PhDs in the early stage of their trajectory

15.00-15.30 Coffee/tea break

15.30-17.30 Masterclass by Fiona Godlee, editor BMJ
How to improve your publication chances for high impact journals like the BMJ?

17.30-18.30 Drinks & dinner

Friday 22, April 2016

Location: Aristo Zalencentrum Eindhoven
Invited: All researchers CaRe Institutes including CaRe PhDs / Junior researchers
Language: English

9.30-10.00 Welcome

10.00–10.10 Opening by Prof. Onno van Schayck, Scientific Director CaRe

10.10–11.00 Presentation by Fiona Godlee, editor BMJ
“Why you shouldn’t trust what you read in medical journals”
Conflict of interest in research and medical education.

11.00-11.30 *Coffee/tea break*

11.30-12.30 Presentation by Prof.dr. Alexander Rinnooy Kan, Chairman National Research Agenda
The National Research Agenda and relevance for CaRe Research.
Followed by a Panel Discussion with the CaRe Institutes Scientific Directors

12.30-13.30 *Lunch*

Parallel program for PhDs

13.30-14.30 Presentations by CaRe alumni. Examples of careers in different organizations

- Dr. Matthijs van den Berg, Head of the department for prevention and nutrition at the Dutch National Institute for Public Health and the Environment (RIVM)
- Prof.dr. Cordula Wagner, director NIVEL
- Dr. Loek Pijls, director Loekintofood

14.30-15.30 Parallel sessions per research field of presentations by PhDs in the later phase of their trajectory

Parallel program for Senior Researchers

13.30-14.30 How can CaRe support our local and national infrastructure?
Interactive discussion about the CaRe collaboration in the coming years: possibilities for large collaborative research funding and PhD education¹ (Prof. Onno van Schayck, Prof. Pim Assendelft)

14.30-15.30 International session on strengthening and engaging international primary care research capacity, in collaboration with the Oxford International Primary Care Research Leadership Programme² (Prof. Chris van Weel, Prof. Andre Knottenerus)

15.30-15.45 *Coffee/tea break*

15.45-16.15 Presentation of Top 3 Care Award 2016 Candidates

16.15-16.30 Presentation of Winner CaRe Award 2016

16.30-17.30 *Drinks*

¹ In CaRe four strong primary care oriented research institutes are collaborating. In our busy, competitive world the added value perhaps needs to be reestablished. After a short introduction of the two moderators about the successes of CaRe in the past and about further opportunities for collaboration we want to discuss this issue with the senior researchers.

² Background: In 2002 CaRe took the initiative to promote international collaboration to strengthen primary health care research: the Brisbane Initiative. A major outcome was the International Primary Care Research Leadership Programme, that the University of Oxford organizes since 2006. This session will explore additional international approaches to strengthen primary care capacity and to engage this capacity in addressing primary care challenges.
